

Application No. 10/716,631
Amendment dated October 3, 2005
Reply to Office Action of July 1, 2005

Docket No.: 2450-0591P

AMENDMENTS TO THE CLAIMS

1. (Currently Amended) A resilient and colored bath sponge comprising woven sponge fibers; wherein said sponge fibers are formed in a mesh structure, each of said sponge fibers includes a foam body and a resilient and colored resin layer completely covering said foam body.

2. (Original) The resilient and colored bath sponge according to claim 1, wherein said resin layer, constructed from a polymer polyethylene acrylic resin contains a water-soluble pigment.

3. (Original) The resilient and colored bath sponge according to claim 1, wherein said resin layer covers the sponge fibers by spraying.

4. (Original) The resilient and colored bath sponge according to claim 1, wherein said resin layer covers said sponge fibers by immersion.

5. (Original) The resilient and colored bath sponge according to claim 1, wherein said sponge fibers are a mesh structure made from filaments from a substance with high density having coarse pores without a foam membrane.
